

28th May 2020

Dear parent/carers

I write to update you on the position regarding a phased opening of the Academy to more learners.

Bradford Academy Trustees and senior leaders met again on Tuesday 26th May to review the evidence available and consider whether to open on 1st June for more students.

The decision was made to **remain closed to the majority of learners** and to continue providing childcare for key worker children and support the rest of the learners through the virtual school.

The Board will meet again on Monday 1st June to review this decision and I will communicate this to you on Monday evening.

I know this is a worrying time for everyone. We will continue to provide the support we are currently offering with doorstep visits and through making contact with you via telephone. We have contacted all parents/carers of learners in Reception, Year 1 and Year 6 to talk you through what the education offer will look like when we do return. We were unable to make contact with a small number of parents/carers. If you have a child in Reception, Year 1 or Year 6 and you have not been contacted, then please email info@bradfordacademy.co.uk with your most up to date contact details and a member of the senior team will contact you.

Stay safe.

Yours faithfully

Tehmina Hashmi
Executive Principal
