

Electives Programme

- Electives are additional session before, during and after the school day that are outside of your regular timetable.
- Electives are split into two types:
 - Personal Development – extra curricular
 - Academic – linked to your subject areas
- Most electives are open to all students, some are only for specific year groups and a handful are by invitation only.

Benefits of Electives

- Allow students to follow their interests and access a wider curriculum that is not on your timetable.
- Foster individuality and self-expression.
- Discover passions and talents.
- Promote critical thinking and problem solving.
- Encourage personal growth and development.
- Prepare for assessments and enrich the learning experience.
- Develop a practical approach to applying theoretical concepts.
