

Want To Study Medicine?

Sign Up To Be A Mentee

If you are in the years 11 to 13 and are considering studying medicine. We have mentors who can guide you.

- In2MedSchool is a free mentoring scheme that has been set up to support students and give them a strong foundation for their medical school application.
- Upon signing up to the programme you will be paired with a mentor ranging from, medical students to doctors working in the medical field.
- Your mentor will help by
 - providing encouragement along the way of your application process.
 - Answering questions about medical school and life at WMS.
 - Offering advice or discussing mentor experience with applying to Medicine.
 - Providing support around BMAT/UCAT exams.
 - Support with personal statement, work experience and interview preparation.
